Information and instructions for Participation Agreement - Waiver and Release for student clubs and organizations. Read this document before using the attached sample waiver and release.

The purpose of a waiver and release is to protect the sponsor of an activity or event from legal liability if someone is hurt, killed, or suffers property loss or other damages while participating in the activity or event. By signing a waiver and release, participants agree that they are aware of the risks of the activity or event and further agree that they will not hold the sponsor of the event (or any of the individuals acting on behalf of the sponsor) legally responsible for any harm that occurs while attending or participating in the event. **Note: Waivers do not guarantee protection from legal liability, but are considered a good practice when holding an event.**

The sample Participation Agreement -- Waiver and Release is designed for use by Appalachian State University clubs and organizations that are organizing/ sponsoring/ hosting an event involving other individuals (this could include students, non-students, or a mix of both).

A waiver and release may also be appropriate when an activity is **not** open to other participants, but only involves the club/ organization members.

**Most student clubs and organizations on campus are not covered by the University's liability protections.** Therefore, it is important for student organizations to independently assess the risks of any activity or event they are considering participating in -- or sponsoring for outside participants -- and determine what is needed to reduce risk and liability. In addition to having participants sign waivers, student organizations may want to consider purchasing liability insurance for their event. The student organization should also have the necessary expertise, knowledge, training, facilities, personnel, and equipment in place to safely carry out the event or activity.

The sample Participation Agreement - Waiver and Release can be modified to fit the student organization’s activity or event. The **Student Legal Clinic** is available as a resource to answer questions about the waiver and release form. Student organizations may also want to consult with private attorneys or other sources with expertise regarding their specific activities or events.
